### The Benefits of Sharing

#### WHY

At La Canada Flintridge Country Club, we know what makes our club special -- and that is our members! Which is why we have a referrals preferred approach to our membership roster, emphasizing the bonds of family, friends, and community. Your referrals are important, and they assure a thriving club atmosphere built on those bonds. Look at our happy members and you'll see that that's what makes LCFCC special!

#### HOW

To invite your friends and colleagues, simply contact the membership office by email or phone, and we'll help you figure out how you'd like to proceed. We can contact your referral with an invitation, or we'll provide you with a letter. **In order to receive your "thank you" dues credit, new members must write your name on their application as the referring member.**

#### WHO

Relatives, friends, families, colleagues, neighbors, board members, retirees? All make for an active LCFCC community, and each referral (who joins our club community) will put a "Your Choice" thank you for sharing credit on your account!
